

## **Appendix Eight –Technology Note For Teachers**

If your school does not have Microsoft PowerPoint 2010 and has 2007 or 2003 instead, you will need to download a PowerPoint Video Converter. There are many free PowerPoint converters available on the internet. We recommend using E.M. Free PowerPoint Video Converter. You do not need to sign up, or have a website host it for you.

It is very easy to use and you can download it at this web address:
